Pack Smart: Prepare a box with essential items you'll need on moving day and your first night in your new home. This will save you from searching through all your boxes.

COMMUNICATION

Stay Connected: Keep us informed about special items, access restrictions, or specific needs. Effective communication ensures a tailored and efficient move.

PACKING STRATEGY

Organize and Label: Pack items by category and room, and clearly label each box to simplify unpacking. Take extra care with fragile items, wrapping them securely.

PARKING ARRANGEMENTS

Secure Spaces: Arrange parking for our truck at both your old and new locations to facilitate smooth loading and unloading.

ADDRESS UPDATE

Notify Contacts: Update your address with the post office, friends, family, and subscription services.

UTILITIES

Disconnect and Connect: Arrange to disconnect utilities at your old home and connect them at your new one to avoid moving into an uncomfortable environment.

PETS AND PLANTS

Special Care: Make arrangements for your pets and plants, as they need special attention during the move.

FINAL WALKTHROUGH

Double-Check: Conduct a final walkthrough before leaving to ensure nothing is left behind.
